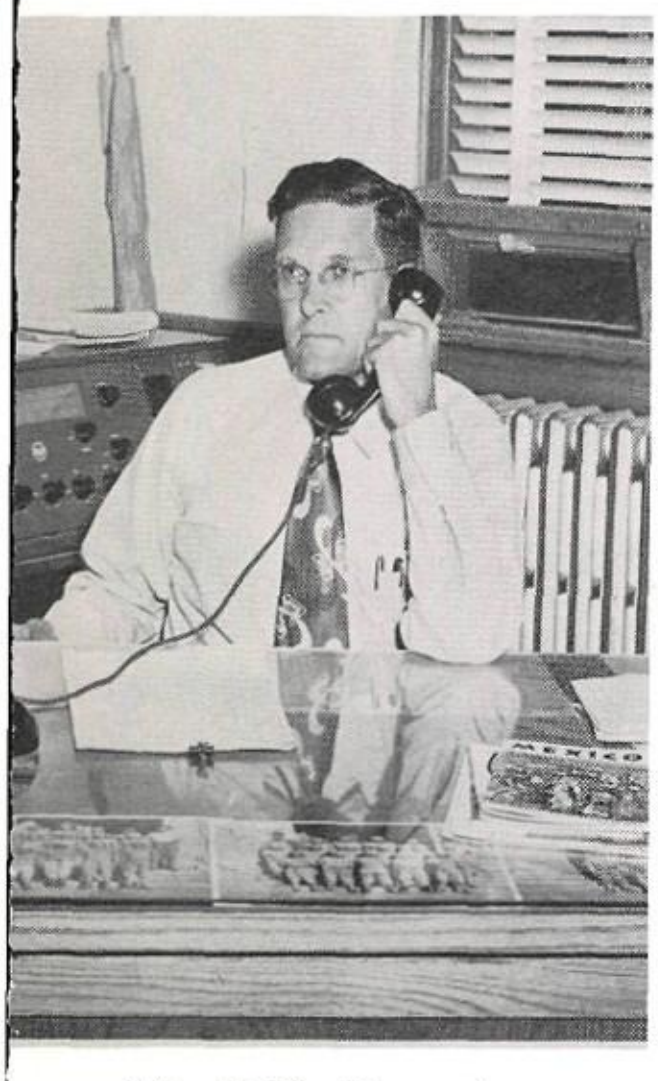
FOREWORD

Our aim for the 1954 Sandstorm has been to put YOU into the pages of this annual. You and all your activities have been our theme. If we have successfully caught a glimpse of your student life and recorded it, we shall count The Sandstorm of 1954 a success.

Mr. W. T. Varnéll



Mr. O. M. Stewart

Because they have been an inspiration and a challenge to us to uphold the high ideals and the principles of K. H. S. ; Because of their high ideals, their friendly advice, and their Christian character; The 1954 Sandstorm is sincerely dedicated to our Principals:

Public School Week Designated For March 1-6

Texas Public School Week will be celebrated March 1-6 this year. This is just a part of a much bigger celebration: the centennial celebration of the marking of a hundred years of progress of the Texas public school system.

The diamond celebration of public education is an all-year affair, which got under way in the Kermit schools [illegible] 21, with [illegible] radio stat[illegible] was a ra[illegible] by the Te[illegible] Boards. T[illegible] as a publ[illegible] Radio Sta[illegible]

Barry Thompson with his "Spare the Rod and Spoil the Child" attitude, along with members of the speech class, very delightfully brought to the attention of the students the methods by which many of our parents first received their "schooling," in an assembly program held this week.

PRESS CLUB INTRODUCES KHS ROYALTY AT ANNUAL DANCE

Under a canopy of red hearts, surrounded by red and white streamers, the royal court of KHS was revealed Saturday night at the Community Center, when the Third Annual Press Club Ball was held.

A more beautiful queen nor stately king ever reigned over KHS than did Dorothy Thompson and Bradley Huckabee. Seniors to Attend Odessa All College Program

Kermit seniors, along with seniors from many other schools located in this area, will be the guest of the Odessa schools on Friday night, February 29. The purpose of this meeting is to further acquaint the students with the colleges and universities of our state, in an attempt to aid the students in selecting the proper schools to attend for their particular interest.

Representatives from the various schools will be present to give the students of this area the merits and advantages of their schools. By this means, the students and parents have an opportunity to talk with the authorities from the colleges and universities without making a long trip to reach the schools.

Kermit students and sponsors will go to Odessa for the meeting, by school arranged transportation.

Aptitude Test Explained at Business Club

One of the most interesting meetings the Business Club has had this year was held Monday, February 1, 1954.

Mrs. Wray, one of the club sponsors, explained the Aptitude or Vocational Test which helps a student determine his preference of a career.

One or two of the members have taken the test previously and their sheets were filled out and explained to the club members. The different job headings were discussed.

At the close of the meeting each member took one of the test to fill out.
